# strawberry topper

IDEAL FOR MODULES ON SHELVES OR ELEVATED RACKING

ALLOWING FRUITS TO HANG MAKES INSPECTION EASIER

FITS 8.5 L / 2.2 GAL POTS AS USED IN EASY2GROW

## COMPATIBLE WITH:

- AutoPot 8.5 L / 2.2 gal Pots

## CONTENTS:

## POTS AS USED IN:

- easy2grow Modules
- Auto8 Modules

1x Strawberry Topper

1

Prepare your pots with root control as usual.

Put marix or root control discs (not supplied) into your 8.5L / 2.2 gal pots (not supplied).

2

With the pots outside the module tray sit Strawberry Toppers directly onto the pot rims

3

Fill pots with media to just below lower lip of Strawberry Topper

4

Lay strawberry plants side-on.

5

Top strawberry plants off with a little extra media.

Water through pots and allow to drain outside tray.

6

Complete module set up as per module instructions.

Once drained place pots into your module tray.
